Order form for Credalast Velvet and Credalast Classic Made to Measure Stockings

Credenhill currently offers a choice between two market leading ranges: Credalast Velvet and Credalast Classic. Credalast Velvet offers a stocking that is soft to the touch and elegant to the eye and is the most widely used, while its Classic counterpart offers a more conventional stiffness and style.

Credalast Velvet is the first made to measure compression stocking with the Tactel® Climate Effect to remove moisture and help to keep an optimum skin balance, regardless of activity.

Please ensure you state which of the two styles you require overleaf.

Application Aids

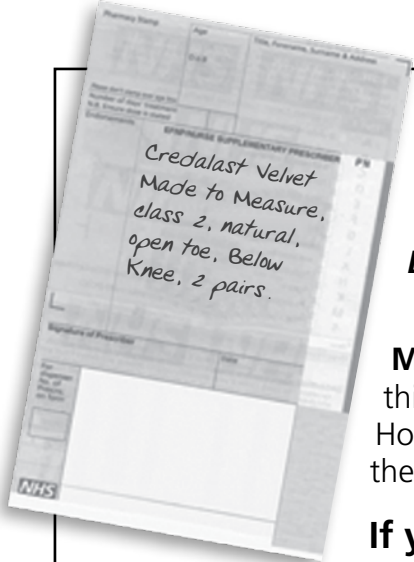

Some users may find it difficult to apply compression hosiery. For this reason we stock a range of highly useful application aids designed to improve your wearer experience.

Contact Credenhill for further information on 0800 195 0650

Accessories

Thigh length stockings will need suspending as they are not manufactured with a self supporting top band.

We offer Credalast Suspender Belt available on drug tariff FP10 or Credalast Y Shaped Suspenders. We can also provide Coltex – a skin adhesive designed to hold compression hosiery in place.

Credalast stockings are available on drug tariff FP10. Please state Velvet or Classic, style, compression, class, colour and quantity for each leg.

E.g. Credalast Velvet Made to Measure, Class2, Natural, Open Toe, Below Knee, 2 pairs.

Measure your patient and complete the form. The pharmacist will fax this form to Credenhill on **0800 028 5206** or email **sales@credenhill.co.uk** Hosiery will normally arrive **within 5 working days** of Credenhill receiving the form.

If you have any problems getting hold of our Credalast Made To Measure stockings, or need any help, please ring us on 0800 195 0650, our experienced team will be able to help.

Credalast Classic® and Credalast Velvet® are registered trade marks. Tactel® is a registered trade mark of Invista.
